

Fundraising Events

All chapters are actively involved in fundraisers for Hospice House. Listed are the major annual fundraisers that enable the Butterflies to raise the money needed to help with the operations of Hospice House and to help awareness of Hospice of San Joaquin and the many services Hospice provides.

Spring Teas and Luncheon

Stockton and Tracy each host a champagne and spring tea and Lodi hosts a spring luncheon. The guests attending the teas enjoy English tea, champagne, finger sandwiches and desserts. The Lodi luncheon is catered locally and includes tea and sparkling ciders. All three hold a raffle with baskets that are definitely over the top. They are packed with certificates and items the Butterflies have secured from local vendors.

Moonlight Sip & Stroll

Our biggest and widely successful event is a night in August when over 75 local wineries, restaurants and artists come together to make what has become a premier event in the San Joaquin area. The event is looked forward to by community, Brookside residents where it is held and the Butterflies.

Poinsettia Holiday Sale

Through November, the Butterflies are busy selling Poinsettias for peoples' home or business. This event's success is built on the repeat orders of many satisfied customers who have found excellent quality poinsettias plus, an opportunity to support Hospice House.

Who We Are

Hospice of San Joaquin was established as a non-profit agency in 1980 by a group of citizens from our community who were sensitive to the needs of those facing terminal illness. In 2002, a dynamic group of professional women whose sole mission is to fulfill the ongoing needs of the Hospice House was formed. The Hospice House provides 24 hour nursing and compassionate personal care for patients enrolled in our hospice program who cannot remain in their own homes. Continuous on-site professionals and caregivers provide individualized professional medical, social, spiritual and emotional support for the patient and their family. To date, the Hospice House has served over 1000 patients and their families.
