

United Way & Employee Payroll Deduction Programs:

United Way, Combined Federal Campaign, PG&E Community Campaign, and other company campaigns allow donor-employees to designate funds to specific agencies, churches and other non-profits. Funds received in this way are an important part of providing hospice care for terminally ill patients in San Joaquin County.

If you are using a **payroll deduction program** to make charitable gifts to hospice care, you must clearly designate **Hospice of San Joaquin** on your contribution form for this agency to receive your donation.

The 2008 Hospice of San Joaquin agency number is #55812 for the Combined Federal Campaign Central Valley.

Thank you!
